ELBA, ALABAMA 36323, THURSDAY, MAY 11, 1967

NUMBER 42

MAYOR JUG BROWN, left, delivers one of the proposals to the Commissioners. Shown facing the camera are Judge English and Mrs. Nadine Fuller, clerk of court.

Enterprise Citizens Ask For More Road Money

A large group of Enterprise citizens met with the County Commissioners on Monday to air their dissatisfaction with the way the gasoline tax allocated to Coffee County is distributed to the respective districts.

The present plan calls for each of the four districts to get one fourth of the money for road maintenance and construction. This plan has been in force "always" according to Probate Judge J. O. English.

Enterprise Mayor M. N. (Jug) Brown presented three ways his group thought the redistribution could be arranged, including restricting and re-apportionment.

Brown, urging the commissioners to act soon on this matter, explained that in his belief the road money should be allocated on the basis of need and population. As an alternate, he suggested that legislation could realign the district with one incorporated city in each district.

The group of 75 or 80 citizens stated that they would be back at the May 22 meeting to see if the commissioners have come up with an answer.

The group was made up of Enterprise citizens therefore the straw vote taken by Judge English on the preference of the citizens would not necessarily be the opinion of the entire county. The group was gathered through the efforts of Enterprise City officials and with at least one preacher, Marvin Vickers, urging his morning church worshippers to attend the meeting.

Probate Judge J. O. English summed up the feeling of the county commissioners when he said, "I promise you that we are going to do what we think is right."

Coffee County will get \$100,000 less than they got last year from the state due to the bill recently passed by the state legislature. The various cities will get some gasoline money from this tax. It will be determined on the basis of miles of roads and population.

Time To Improve Mail Boxes

Have you really taken a good look at your mail box lately? Does it look really good and add to the attractiveness of your home? Is your name on the box in neat letters? Is it mechanically in good shape?

The Post Office Department has designated the week of May 15-20 as Mail Box Improvement Week. The purpose of Mail Box Improvement Week is to call attention to the need for providing mail receptacles which are designed to protect the mail from the weather, and which are neat in appearance, conveniently located, and safe to use.

Neat, attractive mail boxes will make a significant contribution to President Johnson's natural beauty program.

So take a good look at your box and if it needs painting, new post, new flag, or if your name is not on the box neatly take it as your project for the week of May 15-20 to fix it up. You and your carrier both will be proud of it. For any information on correct methods, your carrier or postmaster will be only too glad to help you.

Taylor Answers

HEW Questions

Mr. Elmer Taylor, Elba City School Superintendent, and School Board Attorney Fleetwood Canley, will fly to Washington D. C. on Friday to a hearing before the Health, Education and Welfare Department.

The hearing is for the school officials to present their answers to 49 guidelines set up by the HEW concerning school desegregation.

Hearing examiner is Frank P. Salantini.

BOYS' STATE WINNERS, Culver Post 42 Commander, Maxwell Reeves, left, is shown with the four boys chosen to attend the 1967 Boys' State this year. They are from left with Reeves: Lee Boyd III, Ed Wise, David Homan and Johnny Foreman. There were eight boys who made speeches before the local Legion and Ladies Auxiliary and these four were selected to attend.

GIRLS' STATE CONTESTANTS - These three girls, pictured with Mrs. Maxwell Reeves, right, spoke to the American Legion and Ladies Auxiliary last Thursday night and each girl told why she thought it would be a benefit for her to attend Girls' State. Only one girl from each school can attend and Miss Pam Vaughan was selected for the honor.

County 4-H Leaders To Be Honored

Coffee County's adult 4-H leaders will be honored Tuesday night, May 16, in the Banquet Room of the Enterprise State Junior College. Approximately 40 leaders will be recognized. Officials planning to attend in addition to the leaders are members of the Coffee County Board of Education, the County Governing Body, and the President of the County Extension Council.

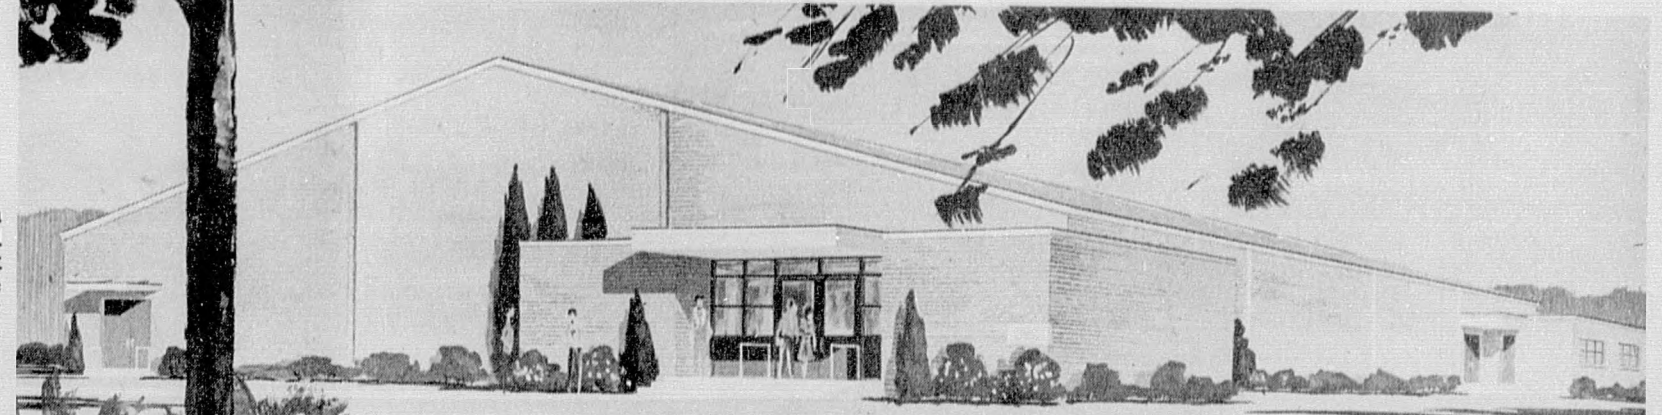

The dinner meeting is an annual event held to recognize the county's volunteer 4-H leaders in the schools who help make 4-H club work successful. The event is sponsored each year by Dorsey Trailers, of Elba. Veteran leaders who have served for periods of 5, 10, 15, 20, 25, and 30 years will receive special recognition for their years of faithful work.

Oscar Strickland, Auburn University's Program Specialist, will speak on "Adult Leadership in 4-H Club."

Band Concert Planned For Friday Night

The Elba High School Band under the direction of Mr. Willis Brown will present the annual Spring Concert Friday, May 12, at 7:30 P.M. in the high school auditorium. The Elementary, Junior, and Senior Bands will furnish enjoyable listening for the evening. Selections to be performed include "High Lights From West Side Story", "Bugler's Holiday", "The Blue and the Gray (Overture)", "Pavane on Lady of Spain", several marches, and a concert. The May call included in the May call. The John Philip Sousa Award will be given to a graduating senior band member. The candidates for this award are Miss Tina Anderson, Miss Kay Johnson, and Miss Charlotte McCall.

OPEN HOUSE AT MULBERRY HEIGHTS GYMNASIUM, The Elba City School Board and Principal W. N. Patton of Mulberry Heights school announced this week 14th. The hours are from three until five Sunday afternoon.

Carpenter Is Awarded Summer Scholarship

Sam Carpenter, math and science teacher at Kingston High School, has been awarded a summer quarter scholarship by the George Peabody College for Teachers, Nashville, Tennessee.

The scholarship received is sponsored by the National Science Foundation.

Carpenter has previously received similar scholarships from Auburn University and the University of Alabama.

He received his B. S. degree in math, M. S. degree in school administration from Troy State College and completed a sixth year of college work at Auburn University, which enabled him to receive a class AA teaching certificate.

This is the first year he has worked in the Coffee County System since he returned from the Marion County School System, Buena Vista, Georgia.

Mrs. Carpenter and their two children, LaVaughn and Connie, plan to accompany him to Nashville.

BBB Cautions Ft. Rucker To Observe Armed Forces Day

Fly-by-night contractors are getting ready for their annual fleeing of unwary homeowners who are in the market for new or resurfaced asphalt driveways according to Kenneth B. Wilson, president of the National Better Business Bureau.

He suggests that homeowners planning a driveway for a newly-built home or seeking to resurface an old driveway, investigate to avoid being victimized by unethical contractors.

Past reports to the National BBB indicate that thousands of homeowners have been victimized each spring by contractors who offer quick, on-the-spot bargain jobs, use inferior materials and equipment or simply take a big deposit from the homeowner and disappear.

Naturally, most paving contractors are reputable businessmen, but just as in any other field, the buyer who doesn't take the trouble to get the facts can wind up with big trouble, asserts Mr. Wilson.

Among the highlights of this 18th observance of the military effort to insure Power for Peace will be a mock airborne assault by UH-1 helicopters. This assault will be re-enacted as it occurs almost daily in Vietnam with armed helicopters providing the protection for troop transports delivering combat soldiers. Heavier CH-47 helicopters will then deliver artillery pieces to the simulated battlefield.

Returning to Fort Rucker for his first performance in two years, Beverly E. (Bevo) Howard will once more bring his thrilling aerobatics to the Wiregrass area. Howard is widely known for his stunt flying and has performed in more than 1,000 air shows over the past 34 years.

The Armed Forces Day announced this week that a new dispatch of mail to Montgomery has been inaugurated. All North bound mail deposited before noon will be dispatched in this dispatch. It will be available every day except Sunday.

Tornadoes Strike County On Monday Evening

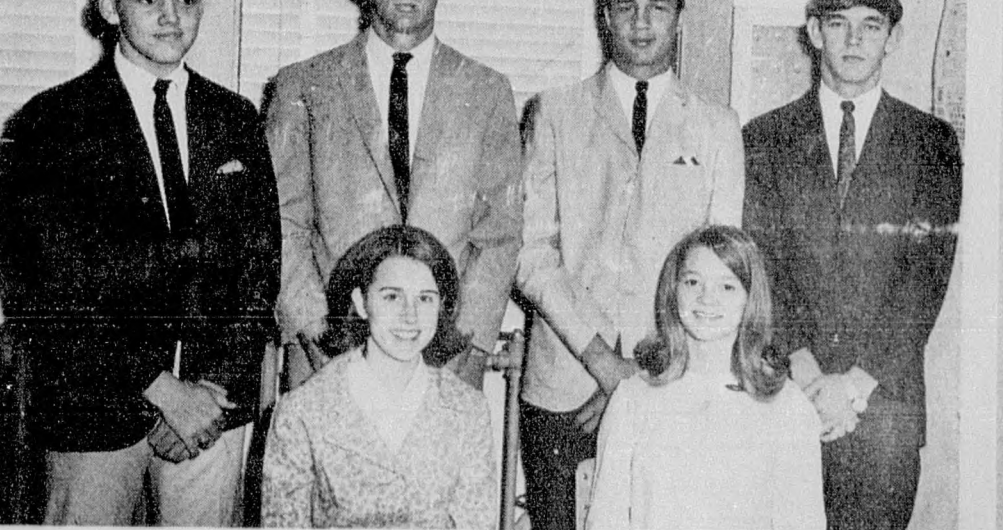

Tornadoes and high winds ripped through this area on Monday evening causing scattered property damage in a mile-wide strip from Andalusia to Dothan, Dismal Drive-In's movie screen was blown down along with six trees in that area. Electric current was interrupted through the area when light poles were broken at the driveway, New Brockton and other areas.

Crop damage was suffered by farmers in the tornado zone and the roof was taken off several barns and machinery sheds.

THE STUDENTS of Elba High School held election for Student Council officers last week. The campaign started on Monday, May 1 and campaign speeches were made on Wednesday May 3 at which time elections were held.

Elected for the coming year were President, David Stokes; vice-president, Tommy Dewberry; Secretary, Suzanne Prior; treasurer, Lee Boyd; reporter, Brice Paul; and parliamentarian, Eron Holloway.

OUTGOING OFFICERS of the Elba High School Council are: President, Glenn Bedsole; vice-president, Steve Bragg; reporter, Tommy Dewberry; treasurer, Jerry Nelson; secretary, Suzanne Prior; parliamentarian, Carol Vaughan.

Jus' Ramblin'

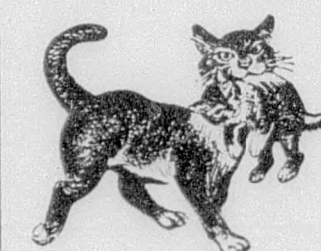

By
LUCILE K.
WOODHAM

Alabama's former Governor George C. Wallace was a strong segregationist in 1962 when he was a candidate for Governor and he promised "segregation today, segregation tomorrow, segregation forever." When he was asked in a recent press conference if he had said those words he evaded by saying that he was "for segregation in Alabama." When he was asked about his views on segregation on the "Meet the Press" program a couple of weeks ago he said he does not advocate "segregation in Alabama nor any other state."

Now that George Wallace is so ambitious to be president he is doing exactly what Lyndon B. Johnson did when he was a chance of becoming president by his change-about on the race issue.

Thousands of people voted for George Wallace in Alabama strictly because they thought he meant it when he said "segregation today, segregation tomorrow, segregation forever." Some of his supporters are somewhat upset about this change over but make it still doing it and that he is kind of strong for segregation as he ever was. Some are plainly disappointed in him and are expressing how they feel about his turn-about episode. But on the other hand he is gaining support from those who have been opposed to segregation all the time and think that now he will probably be on their side and all indications point in the direction.

So taking it as a whole I have an idea George Wallace is gaining more than he is losing with his turn-about episode. He will gain from the other side and continue to hold many of his "segregationist" supporters who will not turn loose his central role. I am not afraid to vote for one thing — George Wallace knows what he is doing. He knew in 1962 and he knows now. He knew it was to his advantage.

Answer: Our advertisers have what you want — shop them and see for YOURSELF!

HOW CAN I???

By Anne Ashley

Q How can I mend plastic tablecloths that rip or burn and have holes in them?

A Cut a piece of plastic from a plastic food bag just large enough to cover the rip or hole. Lay a cloth over the plastic patch, and press it with a warm iron. Be sure the iron isn't too hot, or it will melt the plastic and stick. Take the cloth off, and your tablecloth should be as good as new.

Q How can I keep paint off hinges or other hardware when I am painting woodwork?

A Coat these hardware items lightly with petroleum jelly. Then any paint that does get on them will wipe off easily with the petroleum jelly after the rest of the paint has dried.

Q How can I make a filler for repairing cracks in a pair of old wooden wagon wheels I wish to erect as a yard decoration?

A Mix flour with enough brown shellac to make a paste, rub this on the wood, and after it has dried completely, sandpaper the surface and then rub with a soft cloth that has been dampened with a little oil.

CERTAINLY IT is time to do something about these people who turn the United States flag and refuse to be drafted. If they call themselves citizens of the United States, they should expect to be considered when it comes to defending their country.

It is reported that congressional mail has been running heavy on the issue and many congressmen feel strongly it is time to take action. The federal level against anti-draft and anti-war demonstrators who tear the flag, burn it, stamp on it and even spit on it, burn draft cards and refuse to be drafted.

A highly publicized flag burning during a peace demonstration last month in Central Park in New York and a recent refusal of a man who defied the draft has apparently been the last straw as far as many lawmakers were concerned. Congressmen are expressing their feelings about this at a time when American soldiers are engaged in a war halfway around the world.

Mr. O'Shields will head a strengthened Outreach system in the state, operating through U. S. Department of Agriculture channels, to help rural communities plan development projects and search out all available sources of credit.

Mr. O'Shields will work from state headquarters of the Farmers Home Administration in Montgomery.

All for his refusal to be inducted into the armed forces. I have an idea more indictments will be made if such actions continue.

The nationwide "Patriots' backlash" has heightened concern.

DAYLIGHT Saving Time still has me confused. I have been told it is the benefit of working people to abide by the new time but I am still wondering just where does it do its "benefitting". I am a working person and all it has done for me is to add on a couple of hours of working time.

I am real confused when it comes to time by the clock. It is necessary to get started earlier but I am still going later. By the clock that is, instead of getting to bed at 10 and 11 o'clock, it is now anytime from 12 to later or earlier the next morning, whichever way you want to claim it.

Perhaps, I have reached the age where a change is naturally coming. Right now I am in doubt if I'll be reconciled to it come October. But don't get me wrong, I am not opposed to Alabama being on Daylight Saving Time. If the rest of the nation is to be on it, Alabama should also be on it. Alabama standing alone with a time of its own and that different to our neighboring states would be even more confusing. But I'll be glad to get back to "normal time".

GOVERNMENT INTERFERES AGAIN!

PRIVATE PLANS

The introduction of bills by Rep. Carl D. Perkins (D-Ky.) and Sen. Ralph W. Yarborough, (D-Tex.) embracing the Administration's recommendations for amendments to the Welfare and Pension Plans Disclosure Act, would create additional government regulation in an area where such action is not needed.

The legislators feel their bills would broaden the responsibilities of persons handling welfare and pension funds and would provide for civil action as a remedy for any breach of this responsibility.

In addition, the bills seek to expand the investigatory and enforcement powers of the Secretary of Labor and authorize the Secretary to bring legal action at his sole discretion. They recommend more detailed reporting and disclosure of invested holdings and the financial operation of pension plans.

Any new legislation should recognize the important economic and social contributions which are being made by private welfare and pension programs. The vast majority of these funds are well-administered and further restrictions on their operation might only succeed in making them less efficient and productive.

It is important that private employee benefit plans be encouraged to grow and prosper within a favorable government climate. Too much government regulation can curtail their tremendously significant contribution to both individual economic security and the economy of the nation as a whole.

Let's hope that private pensions will not become part of a public welfare system. The most satisfactory way to meet private pension goals is voluntary action by employers, employees, trustees and insurance carriers.

WHAT IS A GRANDMOTHER

A grandmother is a lady who has no children of her own, so she likes other people's little girls. A grandfather is a man who has no children of his own, so he likes other people's little boys.

Everybody should try to have one, especially if they don't have a television, because grandmas are the only grownups who have got time.

(Written by a nine-year old girl at Partlow School, Tuscaloosa, Alabama. Teacher made grammatical corrections.)

County 4-H Public Speaking Contest Held In Enterprise

THE COUNTY 4-H PUBLIC SPEAKING CONTEST was highly successful. First place junior girl Margie Downing, New Hope, left, and first place senior girl Zella Bragg, New Hope, right, are viewing the first place certificates. Also looking on are Chad Martin, Covington Electric Cooperative, Dwight Allen, Goodman, first place junior boys winner, Jo Ed Lolley, Goodman, first place senior boys winner, and Wendell Murrah, Ozark Production Credit Association. The other two sponsors for this contest were South Alabama Electric Cooperatives and Federal Land Bank.

Sixteen 4-H'ers participated in the County 4-H Public Speaking Contest held recently at the Enterprise State Junior College. These 4-H boys and girls from six of the rural schools spoke on varied subjects related to home economics and agriculture. Because of so many contestants taking part in the county public speaking program, school eliminations were necessary. Approximately 55 4-H'ers presented speeches in their local schools.

There were four divisions of speaking—junior boys, junior girls, senior boys and senior girls. Winning the junior girls division was Margie Downing, New Hope, with Annette Edwards, of New Brockton, winning second place and Joyce Dalrymple, of Mt. Pleasant, third place. In the junior boys division Dwight Allen, of Goodman,

When you look for the most room and the smoothest ride and the best value, you'll end up with a Chevrolet wagon everytime.

Top left: Chevy II Nova Station Wagon. Foreground: Chevrolet Impala Station Wagon. Top right: Chevrolet Malibu Station Wagon.

Chevrolet Impala, roomiest in its class. While extra roominess is perhaps the best reason for buying a Chevrolet wagon, consider, also, these bonuses: Body by Fisher. Chevrolet dependability. Flush-and-dry rocker panels and Magic Mirror finish. Chevrolet Malibu, smoother, quieter ride. A Malibu not only gives you a full coil suspension ride, but the body mountings are double-cushioned. And Chevrolet comes plenty. It opens wide. 54.6 inches, to be exact. 28.5 inches high. Flip the second seat down and you've got 86 cubic feet of cargo space for all your gear. Chevrolet was built to take a lot. Chevy II Nova, best equipped for the money. All-vinyl upholstery is standard. Flush-and-dry rocker panels that clean themselves are standard. Separate panels beneath each fender to inhibit rust are standard.

Monro-Plate rear suspension to smooth the ride is standard. Price? Below standard.

See your Chevrolet dealer during his Camaro Pacesetter Sale

Special buys on Camaro Sport Coupes and Convertibles specially equipped with: 250-cubic-inch Six, 155 hp • Deluxe steering wheel • Bumper guards • Whitewall tires • Wheel covers • Wheel opening moldings • Striping along the sides • Extra interior brightwork • And, at no extra cost during the sale, special hood stripe and a floor shift for the 3-speed transmission. SALE SAVINGS, TOO. ON SPECIALLY EQUIPPED FLEET-SIDE PICKUPS (Model CS 10934).

Chevrolet's greater worth is another reason you get

that sure feeling

ELBA, ALABAMA

PHONE 897-2297

TIM DONALDSON, son of Mr. and Mrs. Bob Donaldson, of Route 2, Opp, is studying better because of a 4-H Club project. Tim was one of the sixteen 4-H'ers in Kinston School to build a study lamp. Others building a lamp were Marcia Hatcher, Ricky Wilks, Joe Johnson, Jeff Barnes, Dennis Weatherford, Allen Weeks, Joe Andrews, Tim Archer, Rocky Jackson, Web Bush, Kathy Adams, Sheila Baker, Martha Cooper and Ronnie Weeks. A total of 75 study lamps were built by Coffee County 4-H'ers in the 4-H Study Lamp Program.

Rodeo Planned At Eufaula

Plans for the Third Annual Alabama Freshwater Fishing Rodeo have been completed. The Rodeo, set for May 26, 27 and 28 on Lake Eufaula, will offer more than \$5,000 in prizes to lucky fishermen and ticket holders.

The Grand prize, consisting of a Crosby Boat, Johnson motor and EE-22 Tilt trailer, will be awarded to the fisherman entering the largest largemouth bass in the Rodeo. This boat, valued at \$1,000, and other prizes including fishing tackle, fishing boats and motors, along with the Lions, Rotary, Jaycees and Kiwanis Clubs.

Beware Of Power Saws

Larkin Wade says a meat-hand tools—such as bow saws, axes and brush hooks—are also dangerous unless you understand their correct use and are reasonably cautious. "Even skilled loggers are often injured while felling trees," says Wade.

The 15 Minutes you spend with us may be worth hundreds of dollars to you!

As most farmers know, the use of agricultural chemicals has changed drastically in the past few years. The recommended application rates have changed and so have methods of application. There are better ways and means of getting more for your fertilizer dollar and your investment in pesticides and herbicides. We can bring you up to date on the newest developments and help you map out a farm fertilization, and weed and pest control program that will be worth real money to you! There is no cost or obligation, so why not drop by and see us.

NEW IDEA IN FOUR-POSTERS—The sparkling whiteness of cotton chintz bedspread and draperies provides the perfect foil for brilliant blue and green beads that form an illusory four-poster bed. Called "Bedangles," the prestrung beads can be bought by the yard and cut to any length. They're hung from a simple frame attached to the ceiling and outlined in blue and green velvet ribbon.

"HAIL, HAIL THE GANG'S ALL HERE" was an appropriate saying in one of the U. S. Capitol dining rooms recently. Alabama's two Senators and eight Representatives were joined by their wives for the revival of the weekly "Delegation Luncheon". The luncheon will be held each Thursday in the Members Dining Room.

In this picture, taken after the first luncheon and the first one of the entire Alabama Delegation in about six years, Senator Sparkman and Representatives Edwards and Buchanan. The top row left is headed by Representative Nichols who is followed by Representatives Jones, Selden, Dickinson and Bevil.

Ethel Larkin, Judy Gallimore, Sara F. Cotter, Julia Brooks, Marion Payne, Myra Bush.

Persons discharged during the same period of time were:
Ammie Taylor, Sandra Grimes, O. D. Jeffcoat, Lois Young, George Wise, Etsa Crocker, Cecelia Minder, Nanette Moore, Dona Faye Lindsey, William Basil Crook, J. A. COFFEE NEWS & CHAT

BY: SARA E. HUTCHINSON

BAKED POTATO

So many of us avoid having baked potatoes in meal planning because of the lack of time. Here is an answer to that problem.

To shorten the baking time for potatoes, boil them for four minutes before placing them in the oven.

BOARD MEETING

The executive board

members of the Coffee County Extension Home-makers' Council will have a luncheon meeting at my place on May 11. These officers are Mrs. Albert Dyess, president; Mrs. Mahel Fleming, vice-president; Mrs. J. T. Wakefield, secretary; Mrs. Warren Hollis, publicity chairman; and Mrs. Orrell Parker, parliamentarian.

Mrs. Glenda Spann, County Health Nurse plans to meet with the group to make recommendations on ways or pork. Mrs. Ruth L. Hommedieu who was sitting across the table asked me to put it in the paper.

ZOYSIAGRASS

Many families in our county have beautiful zoysiagrass lawns. You'll likely find rust, too. If you have this grass be careful because disease is widespread now and if it isn't controlled zoysia rust can kill all the zoysia leaves in a lawn.

The rust causes very tiny blisters on the leaf blades. An orange powder comes out when these blisters rupture. This is the fungus seed that can be carried by the wind and infect new leaves as they emerge.

Wettable sulfur is effective in controlling the disease.

The Old Timer

"They have pills that will cure almost anything except the watusi, the frog, and the jerk."

Seat Belts Save Lives

Researchers at the University of Michigan report findings from an intensive study of 177 fatalities in automobile accidents. Lap seat belts would have saved the lives of 40 per cent of the victims, and diagonal shoulder straps used with lap belts would have saved an additional 13 per cent. They add that a majority of nonfatal injuries covered by their study would have been prevented by the wearing of seat belts.

FARM NEWS

By Tom Casaday, County Extension Chairman

3500 POUNDS

Some of our Kinston peanut grower friends will be interested in this statement because so many of them are working toward the "Jewel," and he has set his sights on 3500 pounds of peanuts per acre. He has a fairly good stand of early runners that were looking good even before the showers came.

Smith and a lot of his other Kinston friends are trying to put every recommended practice into effect. They feel like if you're going to plant an acre of peanuts, why not go for the top yields.

POISON IVY

Poison Ivy and Poison Oak are very common throughout Coffee County. They are found in fields and woods, in lawns and gardens, along fence rows, rock walls and hedges, and even growing on houses as ornamentals. The poisonous substance of both poison ivy and poison oak is found in all parts of the plant, including roots and fruit or berries. Danger of poisoning is greatest in spring or summer when sap is abundant.

The following chemicals are recommended for control of both poison ivy and poison oak: Amitrole, Am-

monium Sulfamate, 2, 4-D, 2, 4, 5-T, and Silvex. Amitrole is sold under various trade names, such as Amitrol-T, Weedazol and Amino Trilazole. Apply in water as a foliage spray. The leaves will turn white or pink and drop off. The new growth will also turn white and will die shortly. If new growth appears healthy, re-treat.

IMPROVED DISPOSITION
A recent leaflet from the Pork Committee of the National Livestock and Meat Board in Chicago pointed out several facts about pork. One thing that stuck with me was the statement "Proper functioning of the digestive system depends on this, of which 68.7 per cent of the average man's recommended daily allowance is provided by a 1/2 ounce serving of pork. Today's pork, which has fewer calories and less fat, can be included in generous quantities in weight watchers' diets."

SPRING CHECKLIST
With spring in the air, it's time to spring into action on fire hazards. Whether your home and farm buildings stay free from dangerous and destructive fires this year, it very well depend on what steps you take right now, the National Fire Protection Association points out.

Here's a five-point program guaranteed to remove most of the common causes of fires in homes:

1. Clean out any stacks of newspapers and magazines, discarded clothing, mattresses, old furniture and lamp shades, and draperies.
2. Do the same clean-up job in the home workshop and barn.
3. Don't forget about the trash accumulating in the garage.
4. Repair defective electrical cords and plugs.
5. Have your furnace, chimney and stove inspected and cleaned. Fire danger lurks in every one of these spots, says the NFPA.

4-H SPEAKING
What a pleasure it was to see about 20 Coffee County 4-H Club boys and girls in the county eliminations last week in the Public Speaking Contest. Top winners in the 8-12th grade girls division were Zella Bragg, first place, Judy Bradley, second place, and Judy Turner, third place. In the 4-7th grade division, Margie Downing won first place, Annette Edwards won second place, and Joyce Dalmonte won third place. Winners in the 8-12th grade boys division were Joe Ed Lolley, first place, Terry Williams, second place, and Mickey Kyser, third place. In the 4-7th grade boys division, Dwight Allen won first place, Mark Bowen won second place, and Carl Sanders won third place.

I was also glad to see several of the parents and volunteer leaders attending. Of course, it was good to have some of the sponsors there including Wendell Murrah of Ozark Production Credit Association and Chad Martin of Covington Electric Co-operative from Andalusia. Other sponsors were James Prigden of the Federal Land Bank Association of Enterprise and Calvin Head of the South Alabama Electric Co-operatives in Troy.

CORN CONTEST
Hubert Bryan, son of Mr. and Mrs. Wilton Bryan, Route 2, Elba, is entering the Corn Contest for the third consecutive year. Hubert has gotten high yields both years in the past and I know that he is going to be trying

for over 100 bushels this time. Fifty Coffee County farmers and young people have entered the Coffee County and Wiregrass 100 Bushel Corn Contest this year. Mr. O. I. Cunningham, Chamber of Commerce Manager, is intensely interested in this contest resulting in increased yields.

Farm Ponds On Increase In Coffee

Coffee County farmers continue to conserve water by building farm ponds at the rate of 25 to 30 each year. These ponds are being used for recreation, fish production, livestock water, irrigation, furnishing water for pig parlors, and many for multi-purpose.

Wilson Clark is building the fourth pond on his farm in the Zion Chapel Community. He is preparing this one for catfish production. He is smoothing the area above the dam to eliminate stumps and insure a clean place to gather the fish when the pond is drained.

The drain pipes are being installed to lower the water to a depth of six inches over a small area during harvest time.

Soil Conservation Service Technicians will assist any land owner with pond site locations, cost estimates, and other criteria, upon request. The SCS offices are located in the Elba Courthouse annex, telephone 897-2900 and in the Enterprise Courthouse, telephone 347-6797.

Soybeans Are To Be Planted During May

May is soybean planting time in Alabama. Although soybeans are sometimes called a Cinderella crop, Dean Bond, Extension soybean specialist, reminds growers that it takes good land, proper management and the right amount of moisture to produce a good crop.

Soybean seed need to be planted in large fields of level land—land well supplied with calcium and potash. Lime and fertilizer needs can be determined by soil test.

Planting dates are May 1 to May 30 in North and Central Alabama and May 15 to June 15 in South Alabama.

ROYAL THAI BARGE... Captain Somnat Sundaravej, right, of the Royal Thai Air Force, a student at the U. S. Army Aviation School, Fort Rucker, Alabama, and Major Paul B. Robinson, commander of the CH-34 Branch of the Department of Rotary Wing Training, advise a model of King Phumipol's ceremonial barge. The miniature of the 150-foot royal barge is made from the horns of an Asian water buffalo and displayed at the Branch office at Hancey Army Heliport. A group of Thai students presented it to the Branch recently during a unique outdoor dinner party they called "Thailand Night," honoring their American flight instructors, sponsors and civilian aircraft mechanics. Thai food and music were featured. (U. S. Army Photo)

Schroeder Attended Poverty Meet

Gene Schroeder, program director of the Alabama Area 23 Community Action Program, attended a state-wide meeting of the Community Action Agency Directors Association of Alabama Friday and Saturday, April 14-15, in Daphne.

Schroeder heads the CAP agency serving Pike, Bullock and Coffee counties.

Representing the host group were Program Director Mary Grice; Taylor Wilkins, chairman of the board of directors; and Daphne Mayor Glenn Jordan who is also a member of the Little River board.

Special guests at the state meeting included John Dear, GEO Regional CAP Director from Atlanta. Representing Governor Lurleen Wallace's state advisory committee office was assistant director Matt Colley of Montgomery.

plete the standard claims form. Over 10 per cent of returned claims involve receipts or bills only -- without the necessary application. The claims form is described by Mr. Scott as the Request For Payment, Social Security form number 1490. This form is available in doctor's offices, at social security offices, and is enclosed with each Medicare Handbook that was mailed to beneficiaries at the start of the program. Whenever a claim is paid, a new claims form is provided with the check. Mr. Scott urges all prospective claimants to secure the proper claims form before mailing any documents. Assistance in completing the claim will be provided at all social security offices.

Lockjaw Can Enter Tiny Finger Scratch From Garden

With the advent of the spring season of 1967 most of us are beginning to get out of doors again. There are gardens and lawns that need work and outdoor chores of all sorts that have accumulated during the winter.

With the return of outdoor activities comes once again the hazard of minor accidents, cuts, scratches and bruises.

But sometimes these little scratches can be more serious. Sometimes they are the channel through which you could get tetanus (lockjaw).

Tetanus-producing spores lie dormant in the soil of your garden, the dirt of your garage, and the dust inside your house. These spores can infect

you through the tiniest wound—a pin scratch, a bee sting, or a small cut, says a pamphlet of the American Medical Association.

Tetanus spores may remain in your body for long periods without producing the disease. Or, they may produce poison effects in five to fourteen days, even though the wound has healed.

First signs of tetanus are irritability and restlessness. Muscles rapidly become rigid, eventually causing a clenched-jaw leer that gives tetanus its nickname—lockjaw.

When symptoms appear, the outlook is grim, even with the best treatment. To avoid the deadly consequences, be sure you are immunized with tetanus toxoid. When you are immunized, your body manufactures antibodies that will fight tetanus toxin. A booster is needed every ten years and whenever you are injured.

If you aren't protected, in an emergency there is no time for immunization. If you have no built-in immunity, your physician may inject tetanus antitoxin. An emergency shot, however, is not always effective.

Your only long-range guarantee against tetanus is immunization with tetanus toxoid. Only one of every four Americans has this protection. Have you?

Jaycees See Film On Army Aviation

The Elba Jaycees held a general membership meeting last Thursday night with 37 members and guests present. Guest speakers for the evening were Major Napier, Commander of TAC-land Major Nollinell, Operations Officer at TAC-1. They showed a film on Army Aviation and discussed the work going on at TAC-1, a major auxiliary field of Ft. Rucker.

Among the guests were Jimmy Grant, state president of the Jaycees, and a number of the wives of the Jaycees.

Senator Ray Tolley, was elected this week to the State Building Commission.

City Council Holds Regular Meeting

The Elba City Council held its regular meeting at the City Hall Monday night. All members were present. The license was imposed to balance an unfairness to the established merchants who pay these licenses and taxes.

The Troy Collegiate Singers, a 60-voice mixed chorus, will give a concert in Fort Rucker's Division Theatre Tuesday, May 16, at 6:30 P.M. The choral group will be under the baton of Dr. Charles Farmer, director of music at Troy State College. Admission will be free and is open to the public.

NEW LIBRARY EQUIPMENT - Mr. George G. Johnson, center, from Cross Trails Regional Library, visited the Elba Public Library last Friday afternoon and placed in the library a new set of Encyclopedias, a record player and a film strip projector. The record player, projector and screen will be checked out to adults for their use on special occasions. Some classical records are also available with the record player. Pictured with Mr. Johnson are Probate Judge J. O. English and Elba Librarian Mrs. Glennie Smith.

WINNERS - Mr. and Mrs. George Hall, Elba, were the proud winners of the new electric cooler given away during the grand opening of Plant Plumbing and Appliance last weekend. Pictured with the Halls is Mr. L. B. Plant, right, one of the owners of the new business.

Death Claims Lifelong County Resident

James Gardner Clark, Sr., a lifetime resident of Coffee County, died on May 12th, in a Montgomery hospital at the age of 80. Mr. Clark's father, the late George W. Clark, homesteaded 160 acres of land in the Alberton Community of Coffee County in 1885, and his son, Gardner, was born on this farm in 1867.

Mr. Clark graduated from Draughton's Business College as an accountant and entered the mercantile business in 1912 with two of his schoolmates, Mr. William Cain and Mr. V. J. Elmore. This business continued until 1921.

Clark began his farming career early in life and pioneered many firsts in Coffee County. He served as tax assessor of Coffee County from 1945 until 1950 and since that time he has devoted himself to his farming and livestock interests in Coffee County and Perry County. He was active in his farming until recent weeks.

Survivors include his widow, Little Lee Clark; children, Mrs. Nellie C. Hause, Montgomery, James G. Clark, Jr., Selma, Charles L. Clark, Birmingham; brothers and sisters, W. Hathan Clark, George W. Clark, Jr., Aud Clark, Miss Anna Clark, Mrs. Mary Lou Dean and Mrs. Celia Smith, all of Kinston, Berry Clark, Opp, Claud Clark, Andalusia, and Jack Clark, of Winter Garden, Florida; and eight grandchildren.

Honorary pallbearers were members of the Baracca Sunday School Class and old friends which included Judge J. O. English, John F. Brunson, Fountain Lee, of Elba, and O. P. Lee, of Opelika.

Active pallbearers were Dr. J. H. Clark, Elba; Robert Dean, Selma; Jeffery Smith, Kinston; Clark Mainwaring, Kinston; Fred Clark, Montgomery; Robert Ellis, Samsom; Warren Ellis, Opp; and William Ellis, Opp.

HAPPY TIMES KINDERGARTEN graduating class of 1967 is shown here in their caps and gowns. They will graduate tonight (Thursday) at 7:30 in the Elba High School Auditorium. A highlight of the evening will be a presentation of "A Party in Mother Goose Land" to be presented by the children. The class consists of: front row left to right, Joey Brunson, Vince Bowers, Byron Parrish, Lisa Reeves, Tracy Brooks, Kerry Nelson, Kay Boswell, Michael Reeves, Pam Wilkerson; second row, Marie Jones, Cindy Morgan, Beverly Hargrove, Rhonda Knight, Eddie Kelley, Jennifer Ennis, Susie Bruce, Jay Harper, Cindy Jacobs, Richie Brown, Villa Owens and Teresa Hines. Not pictured are Gary Mills, Sacy Elder, Phil Hayes and Melinda Smart. Mrs. Elsie Clark is the teacher.

Chamber Of Commerce Discusses County Funds

The Chamber of Commerce held its regular monthly meeting on Tuesday night at Paul's Cafe. President Charles Ellis presided and heard a discussion on the soft drink bottle problem in Elba. Mayor Mullins reported the broken bottles had cost the City \$325 in the last week. He stated that this was just one week's cut throes and that citizens were constantly having trouble with this. Ellis referred the problem to the Health and Welfare Committee for further study.

In other business, President Ellis told the Chamber members of the current squabble between some of the citizens of District 4 (Enterprise) and the County Commissioners. He stated that the people of Elba could do one of three things about this.

1) They could just sit back and let someone else resolve this problem.
2) They could jump up and say no! no! no! and have a dog eat dog situation that would cause conflict and hard feelings that would destroy the County as a successful unit.

3) They can appoint a committee to study the problems of County government and the present and future needs of the citizens and after discussion with other

Members of the committee are: Carlton Larkins, Lamar Rainer, Jr., Stokes Haire, Robert Cannon, Russell Cash, Fleetwood Garnley, M. J. Lee and Jack King.

DON BOWDEN SPORTSMANSHIP AWARD given annually to the outstanding senior athlete is presented to Rickey Parker, son of Mr. and Mrs. Tim D. Parker in ceremonies at Elba High School last week. Presenting the award is school principal, William T. Jones.

GOOD SPORTSMANSHIP AWARD given to the outstanding basketball team in the Enterprise district by the game referees was presented to student body president, Glenn Bedsole, in activities last week. Presenting the trophy is Mr. Ty Adams, president of the referees association.

Also pictured are the coaches and members of the basketball team that earned this outstanding award.

Funeral services will be held at 2:30 p.m. Tuesday at the Elba Baptist Church. Burial will be in the Elba Cemetery.

Interment will be in the Elba Cemetery.
